

Preliminary program
CTG Masterclass Advanced Online

Course director: Susana Pereira

Time	Session topic
08:45	Registration
08:55	Welcome by Neoventa
09:00	Fetal physiological responses to hypoxic stress- Let's get our bearings right!
09:30	Evolving intrapartum hypoxia- Illustrative case discussion
10:45	Break
11:00	CTG interpretation during second stage of labor
11:30	How to use the CTG in meconium & chorioamnionitis?
12:00	Non-hypoxic causes of fetal compromise- What does the CTG show?
12:30	Illustrative case discussion
12:45	Lunch
13:30	Chronic hypoxia and the antenatal CTG- Is this fetus fit for labor?
15:00	Break
15:15	What is the role of ST Analysis and how can we use it with physiological CTG classification in types of hypoxia?
15:45	Illustrative case discussion
16:00	Quiz and questions
16:45 – 17:00	Close and goodbye
